## Transit Changes

Bus riders will see changes on **Sunday, January 29, 2012**. The Route 15's two branches will be divided. Express buses will be introduced along three main corridors of the County.

Given the loss of \$6.8 million in State funding, our transit system faced the elimination of 21 routes. However, we received a federal grant to implement express service along popular corridors for three years. To avoid duplication of services and preserve access to jobs, restructuring was necessary.

The **restructured Route 15** will run along Chicago Avenue. Every bus will now make a loop at Madison, 5<sup>th</sup> and Columbia Avenues. Route 15 will continue along Packard and Kinnickinnic Avenues, 1<sup>st</sup> Street, Milwaukee Avenue through Downtown Milwaukee, Holton Street and Port Washington Road to Bayshore Mall.

The **Bayshore-Airport Green Express bus** will travel along Oakland Avenue near UW-Milwaukee, pass through Downtown Milwaukee and take Chase and Howell Avenues to General Mitchell International Airport.

The **new Route 52** will assume the western path of the old Route 15. Route 52 will begin at Mitchell Street, traveling south along Kinnickinnic, Clement, Pennsylvania and 15<sup>th</sup> Avenues to Drexel Boulevard and Chicago Avenue.

Details are posted on this [main webpage](#), with a [map](#) of the South Shore restructuring and [frequently asked questions](#).

Please contact my office if you have any concerns or need help in planning your commute. I regret that changes may disrupt people's commuting routines. These changes are the result of our bus system having to "do more with less" each year. Until the State allows dedicated funding, transit will always be vulnerable as it is forced to compete with mandated services for limited funding.

## Seven Bridges Repair

Funds were granted to repair the lakeside bridge and another smaller bridge at Grant Park's Seven Bridges trails. After years of advocacy, we have been able to secure this funding. A contractor should repair the small bridge over the winter months. Final design and bidding should proceed soon for repair of the large lakeside bridge.

## Greene Park Improvements

Repairs are ongoing at Greene Park on Lunham Avenue. The parking lot is being repaved. The basketball and tennis courts are experiencing relocation and resurfacing.

## **Sheridan Park**

The Friends of Sheridan Park are dedicated to ongoing cleanup and graffiti watch. The group decorated a deciduous tree outside the skating shelter for the holidays.

I painted the wall on S-road to remove pornographic graffiti which needed to be eliminated forthwith. I felt like Tom Sawyer as hikers looked on with curiosity. The wall is now in good shape and painted brown.

I would like to thank all of the stewards of our parks who have pitched in to pick up litter, plant flowers, eradicate weeds, report suspicious activity, and participate in Friends and Park Watch groups.

## **Grant Park Roadway**

Due to other active design projects, roadway construction is scheduled for 2012. The new bidding schedule will help us to achieve better pricing. Advertising for bids will occur in February or March 2012. Construction should begin in early May and conclude in late June 2012. The project survey and preliminary engineering were completed in November 2011. The Parks department is currently televising the existing storm sewer system to resolve drainage issues at the site.

## **Parks and Wildlife**

Poaching in our County Parks is illegal. Milwaukee County Ordinance [47.05](#) prohibits hunting in the Parks without permission (although the Wisconsin Department of Natural Resources (DNR) controls some duck hunting at the shoreline). These rules allow the public to safely visit the park.

Shining any wild animal is illegal at night after 10 p.m. from September 15 through December 31 in Wisconsin. Shining is also illegal if the participant is carrying a firearm, bow and arrow or crossbow (although exceptions apply for hunting certain small game).

If you see anyone entering the park with a rifle or hear shots in the parks, please call the police immediately.

DNR Conservation Warden Ben Mott will attend the Friends of Grant Park's January 12, 2012, meeting at 7 p.m. at Grant Park Clubhouse to discuss suspected poaching at Grant Park. Warden Mott looks forward to your questions at this meeting.

## **Shakespeare in the Courts**

The County Board moved to advance the Shakespeare in the Courts program. This pilot program aims to reduce crime and save tax dollars at the same time.

Two of Milwaukee County's Circuit Court judges testified before the Judiciary and Health and Human Needs Committees to advocate for this unique program, which is not currently available in juvenile sentencing. Shakespeare in the Courts provides a summer program for a group of juveniles to work with faculty and thespians in producing and acting in a Shakespeare play, learning the ageless lessons of Shakespeare.

It costs Milwaukee County taxpayers more than \$100,000 per year to send just one juvenile to a state correctional facility. That's more than it costs to send 16 kids to UWM for one year. If we can divert funds away from the highest costs of

incarceration, County taxpayers save money. This sentence is effective for an appropriate group of young people, as it forces them to practice discipline, communication and hard work.

Our judges at Children's Court have seen and heard it all. Thousands of kids come before them, many with stories that might break your heart. If these judges can distinguish between the few kids that would benefit from this program and those that need to be incarcerated, I will support their judgment.

[Here](#) is my opinion editorial on the subject that appeared in the Milwaukee Journal Sentinel.

## War Memorial Resolution

I authored a [resolution](#) directing that the Milwaukee County War Memorial Center Board and related boards respond to an [audit](#). The goal is for these bodies to make recommendations to resolve concerns identified in the recent audit. Improvements in parking, facilities and governance will enable the War Memorial to more effectively honor veterans and promote the arts.

## Changes for Voters with Limited Mobility

"Indefinitely confined" voters are persons who, because of age, physical illness, infirmity or disability, may have difficulty traveling to the polling place.

### An indefinitely confined voter can reside in:

- |                  |             |                |                       |
|------------------|-------------|----------------|-----------------------|
| ▪ Their own home | ▪ Apartment | ▪ Nursing Home | ▪ Other Care Facility |
|------------------|-------------|----------------|-----------------------|

When applying for an absentee ballot, the voter must indicate they are indefinitely confined. Indefinitely confined voters will receive absentee ballots automatically for all elections until they fail to return a ballot.

[Here](#) is a brochure with details. The absentee ballot application for use in 2012 is available [here](#). It must be submitted to your city clerk no later than 5 p.m. on the Friday prior to the election.

The absentee ballot application is separate from voter registration. You must register to vote before you are allowed to receive an absentee ballot.

You may contact your City Clerk with questions:

St. Francis 481-2300

South Milwaukee 762-2222

Cudahy 769-2204

Oak Creek City Clerk 768-6500

Please continue reading the following calendar to learn about informational events for voters on January 11 and 15.
